

Preble County Educational Service Center Annual Technology Notice

Dear Parents and Students:

This letter serves as the ESC's Annual Technology Privacy Notice consistent with Ohio Revised Code Sections 3319.325 -.327.

**Internet Use**

Preble County Educational Service Center (ESC) uses the Internet as part of its curriculum and instruction in every grade level. A complete list of websites and their uses is maintained on the [ESC website](#). This list only includes internet locations that require students to log in for their educational use.

**General Monitoring of School-Issued Devices**

Please keep in mind that the ESC monitors school-issued devices. The monitoring includes location tracking, student interactions, and web-browsing activity. The ESC monitors these features for the noncommercial, educational purposes of instruction, technical support, and exam proctoring. Additionally, these features are monitored as a necessary precaution for preventing and/or responding to threats to life or safety.

If you have any questions or concerns regarding this policy please contact the ESC's Director of Operations and Technology

Respectfully,

A handwritten signature in blue ink that reads "Mike Corcoran".
